One-Day Seminar ■ Only \$99

EXCEL BASICS

This one-day seminar is for beginning to intermediate users. Learn how to set up Excel to meet your personal needs, work at home and customize its many features so it works for you.

- Master an array of Excel formulas and functions to put spreadsheet power at your fingertips!
- Design and organize the best possible worksheet before you enter the first number.
- Give your worksheets visual punch with exciting charts and graphs, step by step, the easy way.
- Make editing easy — fearlessly copy, move, insert or replace anything in your worksheet.

One-Day Seminar ■ Only \$99

BEYOND THE BASICS
